March 19, 2020

There are no known cases of in Greenwood County

As of this morning, DHEC is reporting 60 cases in the following 14 counties: Anderson, Greenville, Spartanburg, York, Lancaster, Kershaw, Fairfield, Lee (new), Richland, Lexington, Horry, Charleston and Beaufort. That is an increase of 13 cases and one new County.

There is a report of a new case in Abbeville County. However as of this morning, DHEC had not listed this case on their site. As more information becomes available, I will update everyone.

Last night, SC Departments of Social Services and Health and Human Services issued a statement that they are closing their office to the public. They will however be available to the public through phone calls and emails. Also, they will have a drop box for the public to use. This begins this morning.

Greenwood is starting a new webpage for COVID-19. When you go to our website there is a red bar at the top with "Coronavirus Disease COVID-19 Information". Click on this link and it will take you to the page. We are still building it, so it will contain more information. Also, we are now posting information on our Instagram site. Please follow us there as well.

This article from the Index Journal shows the status of Greenwood area businesses.
