

April 3, 2020

All,

There were two additional confirmed cases in Greenwood County yesterday for a total of 8. *Remember this is only those which have been confirmed and is for those who were tested two days ago. This means there are others who have been tested and are in quarantine awaiting results. Additionally, an individual can be asymptomatic, (contagious but shows no symptoms), who would not meet the criteria to be tested.*

SCDHEC reported an additional 261 cases in 46 counties for a total of 1,554 across the state. Also, they reported 5 new deaths in four counties for a total of 33; Florence, Anderson, Horry, and Sumter. All individuals were elderly and had underlying health issues.

To combat the spread of the virus, please ensure you are practicing good social distancing actions and washing your hands frequently.
