

April 16, 2020 6:00PM

On April 16, 2020, Greenwood County was notified by DHEC of 12 new cases of COVID-19 in the County. When we spoke with DHEC, they ensured us that the number of new cases were not related to an outbreak at any one location, but were a back log of tests conducted by a lab outside of the state. The majority of the tests occurred up to 10 days ago. So, the numbers of new cases per day over this time would be approximately 1 or 2. If you have any further questions about this information, please contact SCDHEC Health Line at 1-855-472-3432.
